

Elite Track Nats Report

CSK Bikes are already well-known in the world of track racing. Outstanding performances at Elite Tracks Nats have helped grow this reputation. Anna Lang of San Diego, CA, won the national title in the Women's Team Sprint. She and her partner Martha Dunne (Jelly Belly) bested perennial favorites Jennie Reed and Annette Hanson (First Rate Mortgage). She also placed 2nd in the 500m TT. Anna was riding a 7003 Track frame and is trained by John Ledford of RPM Training in San Diego. This fall she will be a favorite at Collegiate Nats racing for UCSD.

There were also some great showings on the men's side. Erik Saunders (McGuire/Langdale) took the bronze in the Madison with his partner Rahsaan Bahati. [Dave Wenger](#) and Matt Ewing (Bacardi-NUVO) both went to the finals in their events.

Schindler Excels at Masters Worlds

John Schindler (Richmond Ciclismo) took home three top ten spots at Masters World Championships in Canada. He placed 9th in both the road race and crit and 7th in the time trial. He rode all three events on his 7003 Carbon road bike. The courses and competition were challenging in all three events, with extreme wind in the time trial. Schindler races regionally in the mid-Atlantic, and is known as a great all-rounder. Last year he won the Virginia State Omnium title for category 1/2. Photo courtesy of Sean Yeager.

VT's Cunin Wins Summer Super Sprint Tri

Virginia Tech Triathlon's Tim Cunin showed off his new CSK U2 in style by winning the Summer Super Sprint. He finished the race in just over 40 minutes, ahead of over 300 other competitors. Tim rides a road bike with a custom aero setup in the front. Check out [triiitnow.com](#) for results

CSK in the News

CSK bikes have been all over the web during the last month. [Pezcyclingnews.com](#) reviewed Neuvation wheels on a CSK U2 Carbon. Look for the review of the bike in September. Erik Saunders' review of the Dedacciai 7003 Aero track frame appeared on [socialcycling.com](#), [Daily Peloton](#), and [Truesport](#).
